

Sewing It All Together

Step 1

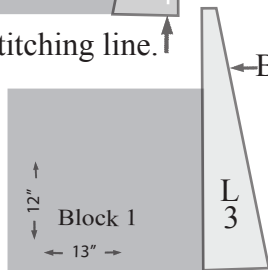

Referring to Diagrams 3-6.

Add wedge sashing to background blocks #1 and #3.

- The bias edge of the wedge needs to be on the outside of the blocks when finished.
- Referring to Diagram 3 stitch L3 wedge to the right side of block #1 right sides together. Pin in place, press open.
- Referring to Diagram 4 stitch L4 wedge to the top of block #1 right sides together. Pin in place, press open.
- Referring to Diagram 5 stitch R4 wedge to the left side of block #1 right sides together. Pin in place, press open.
- Referring to Diagram 6 stitch R3 wedge to the bottom of block #1 right sides together. Pin in place, press open.

Stitching line. ↑ Bias edge

Block after pressing open.
